COMMUNITY INPUT SOUGHT FOR BICYCLE MASTER PLAN

Bicycle riders are invited to participate in the second series of community workshops on the countywide Bicycle Master Plan, currently being developed by the Los Angeles County Public Works Department.

The Master Plan seeks to expand and connect County bikeways, improve existing County bicycle facilities, develop and prioritize a list of proposed new bikeways and bicycle projects, and promote bicycle usage.

As part of the effort, the Public Works Department is hosting three series of community workshops to obtain input on the Master Plan.

During this second series, workshop participants will have an opportunity to review the input provided to date, and recommend additional bikeways and bicycle facilities for the Plan.

The workshops will begin on June 2, 2010, and end on June 30, 2010. Meetings will be held in Marina del Rey, Topanga, East Los Angeles, Ladera Heights, Newhall, Hacienda Heights, Baldwin Park, Calabasas, Lancaster and Athens Village.

A third series of workshops will be held later this year.

Visit www.lacountybikeplan.org to obtain the date, time and location of the workshop nearest you or for more information on the Bicycle Master Plan. For questions, contact County Bikeway Coordinator, Abu Yusuf, at (626) 458-3940 or ayusuf@dpw.lacounty.gov.
